08-SEP-04: QRT

A strap-on crystal heater from DB6NT was fitted to improve frequency stability by

09-SEP-04 - 12-SEP-04: QRV but no luck

No reports were received. It appeared to me also that the antenna tuning was "wierd": normally the null i

18-SEP-04: QRV again!

This time, the ATU tuning "felt" right. Power readings and SWR were normal. However there were still N

25-SEP-04 - 29-Sep-04
