

## Online pages relating to Weaver

[10m experimental Weaver receiver](#) - my first 3rd method (Weaver) project

[No-tune zero-IF microwave SSB/CW transceivers, by Matjaz S53MV](#) - tons of info, and practical projects

[An 80m Weaver SSB test receiver and full 80m transceiver build](#)

[Weaver third method SSB visually explained](#) by PA3ECT

[Philips App note 1981 includes some info on Weaver method](#)

## PDF articles on Weaver projects

Many thanks to Udo DJ5VJ for providing many of these articles. Thanks also to John G0UCP for translating the 1984 CQ-DL DK7JD article.

| Publication | Issue | Author | Size |
|-------------|-------|--------|------|
|-------------|-------|--------|------|

|     |          |                     |       |
|-----|----------|---------------------|-------|
| QST | Sep 1957 | Howard Wright W1PNB | 1.18M |
|-----|----------|---------------------|-------|

### [The third method of SSB](#)

|           |          |               |      |
|-----------|----------|---------------|------|
| US Patent | Mar 1960 | Donald Weaver | 364K |
|-----------|----------|---------------|------|

### [Single Sideband Modulator](#)

|                  |      |   |
|------------------|------|---|
| Von Günter Peltz | 1.7M | <a href="#">SSB nach der "dritten Methode"</a> (GERMAN) |
|------------------|------|---|

|           |          |                     |      |
|-----------|----------|---------------------|------|
| RadCom TT | Nov 1975 | Chris Bartram G4GDU | 206K |
|-----------|----------|---------------------|------|

### [CMOS third-method SSB generator](#)

|    |          |                       |       |
|----|----------|-----------------------|-------|
| 73 | Feb 1977 | James Wilson Jr WB0JX | 1.55M |
|----|----------|-----------------------|-------|

### [SSB: The Third Method](#)

|       |          |                       |       |
|-------|----------|-----------------------|-------|
| CQ-DL | Dec 1984 | Burkhard Kainka DK7JD | 1006K |
|-------|----------|-----------------------|-------|

### [80m SSB Transceiver nach der dritten methode](#)

|       |          |                       |      |
|-------|----------|-----------------------|------|
| CQ-DL | Dec 1984 | Burkhard Kainka DK7JD | 657K |
|-------|----------|-----------------------|------|

[English translation of above CQ-DL DK7JD article \(G0UCP\)](#)
